GO WHERE YOU WANT TO GO

Blue Ox reinvents the tow bar.

AVAIL™ BX7420

Receiver mount • 10,000 lb capacity • Steel Construction • Premium metallic paint

Wider is better.

- Improved turning radius, better cornering
- Fits wide or narrow towed vehicles
- Smoother towing over rough roads

No pressure.

- Patented non-binding latches release easily under any conditions
- No interference, low profile handle design

Elbow room.

- Maneuver around gas station pumps with greater ease
- Keeps the towed vehicle safely away from the motorhome in tight turns

THE NEW STANDARD

Receiver Mount Tow Bars

- Easy release locking handles
- Offset triple lugs
- Fold away storage

ALADDIN™

- Aluminum construction
- 3-axis swivel design for quick connects and disconnects
- Lightweight, 37 lbs
- 7,500 lb capacity

BX4325

AVENTA LX™

- Ball-in-socket design reduces wear
- 360-degree swivel
- 10,000 lb capacity

BX7445: 2” receiver

BX7450: 2-1/2” receiver

ALPHA™

- Easily folds away
- Steel construction
- 6,500 lb capacity

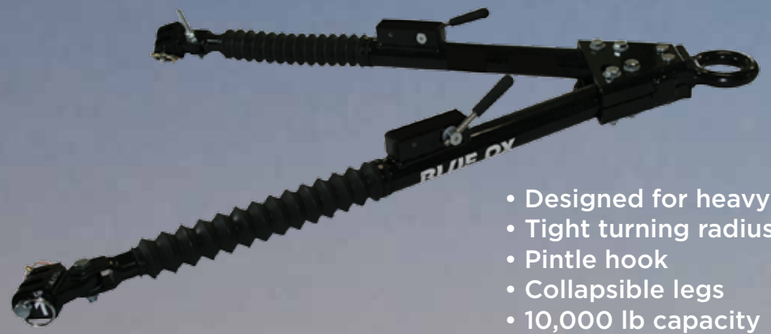
BX7365

Three year warranties. Safety cables included.

Tow bar accessories on pages 9 & 10.

Pintle Ring & Ball Mount Tow Bars

- **Versatile**
- **Easy mounting/dismounting**



ALLURE™

- Designed for heavy-duty towing
- Tight turning radius
- Pintle hook
- Collapsible legs
- 10,000 lb capacity

BX7460P
BX88248: 2” Ball Adapter
BX88249: 2” Receiver Adapter
BX88250: 2” Clevis Adapter

AMBASSADOR™

- Quick connect and disconnect
- Requires a baseplate with 24” tab spacing
- Ball coupler or pintle ring available
- 5,000 lb capacity

BX7302: Ball coupler
BX7320P: Pintle ring

ACCLAIM™

- Automatically locks into towing position
- Detaches with two pins
- Ball coupler
- Stores on the front of the towed vehicle
- 5,000 lb capacity

BX4330

ADVENTURER™

- Folding A-frame
- Adjustable legs 16” to 36”
- Adjustable legs to 48” available
- 28 lbs
- 5,000 lb capacity

BX7322: 36” legs
BX7323: 48” legs

BLUE OX HAS THE PERFECT FIT

- Cosmetically appealing installation
- Removable tabs on most models
- Links for safety cable attachment
- Bolts securely to the chassis
- Spreads towing force equally without undue stress on the frame
- Keeps weight placed on the suspension to a minimum

2015 GMC Yukon
with baseplate tabs installed

2015 GMC Yukon
with baseplate tabs removed

Removable Tabs

To install tab:
Insert and twist to lock

Remove tab:
Pull ring, twist, remove

Please see application guide for specific model information.

Accessories

KARGARD™

A polyethylene shield protects towed vehicle from road debris. Easily folds for storage. Aluminum mounting equipment designed for quick and easy installation. All mounting hardware included.

BX8870, KARGARD™ Deflector

KARGARD II™

The KarGard™ II attaches to Blue Ox® motorhome mount tow bars at the triple lug bolt. The gas spring provides clearance for the RV's rear bumper when turning. It rolls up to the RV bumper for out of the way storage.

BX88255, KARGARD™ II

RISE/DROP RECEIVERS

Lowers or raises the 2" receiver connection to allow the tow bar to be level when towing.

BX88128, 2" Rise/Drop, 5,000 lbs, 6-1/4" long
BX88129, 4" Rise/Drop, 5,000 lbs, 6-1/4" long
BX88130, 6" Rise/Drop, 5,000 lbs, 6-1/4" long
BX88131, 8" Rise/Drop, 5,000 lbs, 10-1/2" long
BX88132, 10" Rise/Drop, 5,000 lbs, 10-1/2" long
BX88235, 3" Rise/Drop, 10,000 lbs, 12" long
BX88241, 7" Rise/Drop, 10,000 lbs, 12" long
BX88264, 12" Receiver Extension
BX88265, 6" Receiver Extension

TOW BAR COVERS

Heavy-duty, vinyl-coated fabric covers keep your tow bar clean and protected when stored. Easy to put on and take off.

BX88309, Avail cover
BX8875, Aladdin®/Alpha®/Aventa® LX cover
BX88156, Acclaim™ cover

SAFETY CABLES

Plastic-coated, aircraft-grade cable with heavy duty screw type connectors. Add additional security from baseplate to frame. Can be added after initial baseplate installation.

BX88196, 7.500 lb rating, 7 ft. (shown)
BX88197, 10,000 lb rating, 7 ft.
BX88208, Baseplate Cable Kit, 10,000 lb rating

HITCH LOCKS

Secures your Blue Ox® tow bar to your baseplate and receiver hitch to prevent theft. Prevents accidental unhitching. 3 and 4 lock sets have matched keys.

BX8858, 5/8" Class III-IV-V
BX8859, 1/2" Class II
BX88101, 3-Lock kit, (1) 5/8" and (2) 1/2"
BX88177, 4-Lock kit, (2) 5/8" and (2) 1/2" (shown)
BX88212, 5/8" x 4" Lock for 1/2" Rec. (2)

TOW BAR ADAPTER KITS

Universal adapter kit adapts Valley, Reese®, DrawTite®, EazLift® Universal, Husky® and other tow bars made from 1" x 2" tube to a Blue Ox® baseplate.
BX8833

BX8833

General purpose adapter kit adapts non-Blue Ox® baseplates to Blue Ox® tow bars with cross angle. Also a foundation to build your own baseplate to fit Blue Ox® tow bars.
BX88230

BX88230

Blue Ox® triple lug kit for Roadmaster® adapter to Blackhawk® 2 All Terrain™ tow bars.
BX88262

BX88262

Adapt Blue Ox® tow bar to Reese® bracket.
BX88102

BX88102

Adapt standard Blue Ox® baseplates to receive A-frame, Rangefinder® and Rangefinder® II tow bars.
BX88133

BX88133

Blue Ox® triple lug kit for Roadmaster® adapter to Falcon™ All-Terrain™, Sterling All-Terrain™, and Eagle™ tow bars
BX88151

BX88151

Aventa® and Roadmaster® Kit, 6,500 lb rtg
Adapt Blue Ox® tow bar to Roadmaster® bracket.
Includes cross bar
BX88178

BX88178

AFTERMARKET BUMPER ADAPTER KITS

Directly connect your Blue Ox tow bar lugs to your aftermarket off road bumper.

BX88291 Off Road Bumper Adapter, 1" Pin
BX88296 Off Road Bumper Adapter, 7/8" Pin
BX88301 Offset double lug, Rugged Ridge
BX88303 Bulldog bumper adapter
BX88304 Smittybuilt XRC Atlas bumper adapter

BX88248

BX88249

ALLURE TOW BAR ADAPTERS

BX88248 Allure 2" Ball Adapter
BX88249 Allure 2" Receiver Adapter
BX88250 Allure 2" Clevis Adapter
BX88258 Allure 2" Ball Adapter, Welded Coupler
BX88259 Allure 2 5/16" Ball Adapter, Welded Coupler
BX88260 Allure 2 1/2" Receiver Adapter

HITCH IMMOBILIZER

Eliminate jerking, excess movement and rattling between the receiver hitch and the ball mount, tow bar or drop/rise receiver. Works on any receiver hitch and installs in seconds.
BX88224, 2" Rcvr Hitch Immobilizer
BX88225, 2.5" Rcvr Hitch Immobilizer

OFFSET TRIPLE LUG KIT

Contains steel triple lugs, washers, and pins. For use with the Aventa® LX, Aventa® II, Aladdin®, Alpha® Allure® and Acclaim™ tow bars.
BX88154, Offset triple lug kit

PATRIOT™

In Vehicle Electronic Braking System

True proportional braking that applies the brakes smoothly while you're slowing down to a stop, instead of suddenly jolting your tow vehicle, causing costly damage to your brakes.

- Lightweight, only 15 lbs
- Easy to install, transferable between multiple vehicles
- Works with all vehicles including hybrids
- Break-away included
- Self-calibrating with the push of a single button
- Standard on/off switch
- LED display on both the brake and remote control
- Convenient carrying handle
- One button setup
- Unique, easy to use brake pedal clamp
- Larger surface push pad on back of unit to seat
- Wrap around cleat on side for storage of plug wiring
- Two year warranty

BRK2012

In-coach controller

AUTOSTOP®

Hitch Receiver Braking Systems

Connects to your motorhome's hitch receiver engaging the towed vehicle's brakes at the same instant and with the same force as the motorhome's brakes to allow a smooth, proportional braking experience.

BX8893

For Use with Blue Ox® Aladdin & Alpha Tow Bars

BX88100

Works with most tow bars

- Fits standard 2" receiver
- Simple hitch disconnect
- Reduces additional wear to the motorhome's brakes
- AUTOSTOP® is a surge braking system using the towed vehicles forward momentum to activate the brake
- Breakaway device not included

BRAKE LOCK III

Designed to work with the Blue Ox® AUTOSTOP® and BRAKESAFE™.

Mechanical breakaway that applies the brakes to a towed vehicle in the event of separation from the towing vehicle.

BRK3050 Brake Lock III

Stop worrying about what is behind you and start enjoying the road ahead.

BRAKESAFE™

Coach Air Brake System

BRAKESAFE™ allows for a smooth proportional braking experience, utilizing the motorhome coach's air brakes to activate the brakes in the towed vehicle.

The air cylinder is mounted inside the towed vehicle with a durable, black powder coated bracket that is discreetly located close to the driver's seat with a bracket that attaches to the brake arm.

BRK4000

- For use with Class A diesel motorhomes equipped with air brakes
- Affordable brake system alternative for your towed vehicle
- Compact storage when not in use
- Requires no electrical power draw
- Breakaway device not included

Wiring/Accessories

FUSE BYPASS SWITCH

A Fuse Bypass Switch provides a convenient alternative to the constant removal and re-installation of the fuse when changing from the towed mode to driving mode.

RV'ers risk draining the battery on many vehicles when flat towing. A bypass switch eliminates this risk.

Easy-to-install Fuse Bypass Switches with heavy-duty wiring are available in four (4) different models designed to fit most tow vehicles. Check the Fuse Bypass Wiring Guide to determine the correct model for your particular towing application.

BX88271, ATM Fuse Bypass Switch, Short Lead
BX88272, ATM Fuse Bypass Switch, Long Lead
BX88273, 2-ATM Fuse Bypass Switch, 2-Circuit
BX88274, Fuse Bypass Switch, High Current
BX88294, ATO Fuse Bypass Switch, 2 Circuit

EZ LIGHT WIRING KIT

Connecting an RV electrical system to a tow vehicle doesn't need to be a chore. The EZ Light wiring harness allows connecting an RV to the tow vehicle's electrical system in as little as 15 minutes.

BX88275, EZ Light Wiring Kit, Universal
BX88285, EZ Light Wiring Kit, Rubicon/Wrangler
BX88278, EZ Light Wiring Kit, Ford Edge

Please see application guide for specific model information.

COILED ELECTRICAL CABLES

Wire connectors are encased in silicone to resist corrosion. Allows for quick hooking and unhooking. The locking connector and expanding cable virtually eliminate accidental disconnecting. The cables expand from 1' to 7' and have trailer plug sockets included.

BX8861, 4-Wire
BX8862, 6-Wire (shown)
BX88206, 7 to 6-Wire Coiled Cable
BX88254, 7 to 4-Wire Coiled Cable

TAILLIGHT WIRING KIT

The bulb & socket kit does not tap into the vehicle's existing wiring. Fits most vehicles with clearance in taillight. Operated by the towing vehicle.

BX8869, Bulb/Socket Wiring Kit

DIODE WIRING KIT

Connects RV's tail, brake and turn signal lights to towed vehicle's light system
Includes 26' long, 4-wire harness; 3 diodes; and detailed instructions
Diodes prevent electrical feedback.

BX8847, 3 Diode wiring kit (shown)
BX8848, 4 Diode wiring kit

LED WIRING KIT

LED bulb & socket kits are brighter and smaller than traditional bulb & socket kits, allowing for ease of installation in compact taillight housings. These lights do not tap into the vehicle's existing wiring & are operated by the towing vehicle.

BX88267, Red LED Bulb Kit (shown)
BX88268, Red LED Kit (10)
BX88269, Clear LED Bulb Kit
BX88270, Clear LED Kit (10)

AVAIL™ ACCESSORY KIT

Contains 7-6 wire electrical cable, bulb and socket kit, 3-lock set, 4-diode kit and tow bar cover.

BX88308, Avail 7 to 6 kit

TOW BAR ACCESSORY KITS

Includes the bulb and socket wiring kit, a 6-wire coiled electrical cable, 3-lock kit and a tow bar cover.

BX88229, Aventa® LX Accessory kit

Contains 7-6 wire electrical cable, bulb and socket kit, 3-lock set, 4-diode kit and tow bar cover.

BX88231, Aventa® LX 7 to 6 kit

TOW BAR COVERS

Heavy-duty, vinyl-coated fabric covers keep your tow bar clean and protected when stored. Easy to put on and take off.

BX88309, Avail cover (shown)
BX8875, Aladdin®/Alpha®/Aventa® LX cover
BX88156, Acclaim™ cover
